Web Site Design Quote Calculator

How much should (or does) a website cost? This website design quote calculator was developed to provide a basic overview of what quotes you might receive to create your website (tiered by contractor rates). It provides the ability to select options a la carte; as needed. The estimated hours are based on what an experienced website developer would need to create your website, but can vary depending on the complexity of your project. Hover over the blue info icons for more details of each option.

Design

- ☒  Pre-made template with minor customization
- ☐  Customized template
- ☐  Custom Design
- ☐  CMS integration

Logo

- ☒ Custom Logo
- ☐  Logo conversion

Approximate Quotes

-  Low: \$420 - \$945
-  Medium: \$1050 - \$1785
-  Premium: \$1995 - \$3675

This project will take approximately 21 development hours, not including communications, revisions or additional feature requests.
